*Best Christian Workplace Institute Recognizes Leading Chronic Care Medication Management Organization for Dedication to Employee Engagement and a Healthy Workplace Culture*

**MURFREESBORO, Tenn., February 23, 2021** – TwelveStone Health Partners, a leading provider of comprehensive medication services for chronic conditions, announced today that it was named a 2020 Certified Best Christian Workplace by Best Christian Workplace Institute (BCWI), an employee engagement ministry dedicated to helping Christian leaders and organizations achieve their full potential in the workplace. TwelveStone was one of 157 organizations to earn a spot on this year’s list.

“Being recognized as a Best Christian Workplace is an honor, especially during the pandemic,” said Shane Reeves, chief executive officer at Twelve Stone. “I am beyond proud of our exceptional team for their ongoing commitment to improving the mind, body, and spirit of our patients, but also honoring the corporate objective of glorifying God each day.” TwelveStone supports the transition from acute to post-acute care environments and the transition from sickness to health.

“At TwelveStone, we are committed to providing patients with access to the most advanced medications, along with the personal and financial support needed to live with chronic conditions,” said Cannon Loughry, chief operating officer at TwelveStone. “We are blessed to have an amazing team who each and every day live out our mission. We are grateful to God for the opportunity to serve our community and thrilled to have been named a Best Christian Workplace.”

Each of the newly certified organizations met the certification standard determined by their employees’ exemplary ratings who completed BCWI’s groundbreaking Employee Engagement Survey from January to December 2020. Employees in all 157 organizations evaluated their workplaces based on BCWI’s proprietary "FLOURISH Model:" fantastic teams, life-giving work, outstanding talent, uplifting growth, rewarding compensation, inspirational leadership, sustainable strategy, and healthy communication.
